

E.Z. Performance Firearms Price list

The prices displayed below are based on standard installation, tuning, and/or modifications of a firearm in good condition using quality parts.

Prices do not include: parts that maybe required (#)
Refinishing optional (*)
Refinishing included (**)

1911 & Browning Hi-Power Pistols

Cut dovetail front (or factory type rear)	\$45.00*
Stake on front (silver soldered)	\$50.00*
Weld millet crimp holes, install dovetail front	\$110.00**
Novak low mount rear	\$ 85.00*
Novak low mount front and rear, 1911 or Hi Power	\$125.00*
Novak low mount rear blended and de-horned	\$145.00**
Heinie low mount rear, 1911 or Hi Power	\$125.00*
Low mount Bo-mar/equivalent adjustable rear	\$145.00*
De-horn Bo-mar/equivalent adjustable rear	\$10.00*
Remove old sights and install new ones using existing dovetails	\$35.00

Every handgun we install sights on will be zeroed upon completion of work. If there is a particular brand or bullet weight you would like your gun zeroed with please provide us with at least twenty rounds prior to start of work.

Trigger System:

Install/fit trigger	\$35.00 - 45.00
1911 carry trigger job 3 ½ - 4 ½ lbs	\$110.00
Para-Ordnance (factory parts must be replaced)	\$110.00#
1911 competition 1 ½ - 3 lbs (factory parts may not be suitable)	\$135.00#
Browning Hi- Power 5 lbs	\$110.00
Round and radius trigger	\$45.00

If the factory parts are inferior we will require their replacement. We want you to be pleased with the feel of your trigger as well as it being safe. We require a signed liability waiver for all triggers set below a weight of 3 ½ lbs

Action:

Action job - smooth and tune over all action	\$150.00#
Reliability package – tune extractor, polish feed ramp, throat barrel, Polish breech face, chamfer firing pin hole, and tune ejector	\$110.00#
Tune extractor	\$25.00
Tune ejector	\$25.00 - 35.00
Change angle of ejection	\$35.00
Polish feed ramp & throat barrel	\$55.00
Lower and flare ejection port	\$60.00*
Polish breech face and chamfer firing pin hole	\$25.00
Replace recoil spring at proper weight	\$10.00
Tune magazine(s)	\$15.00 each

There are some instances where tuning of the areas specified above may not be the only requirement in tuning a firearm for complete reliability. If your firearm requires work that is more extensive, we will contact you with details prior to performing the required work.

Safeties:

Install .250 radius 1911 grip safety (Ed Brown, STI, etc.) <i>(Not used for Springfield Armory pistols)</i>	\$125.00#**
Install Wilson 1911 grip safety	\$135.00#**
Install single sided 1911 thumb safety	\$35.00#*
Install ambidextrous 1911 thumb safety	\$45.00-60.00#*
